

## RING14 INTERNATIONAL FAMILY SCIENTIFIC MEETING

**"From the first Association founded to support families living with an "ultra-rare" syndrome to the scientific project just funded after a global selection: the path of Ring14 International"**

**THURSDAY 15 DECEMBER AT 8:30PM (Italian time) on the Zoom platform with simultaneous translation in: Italian, English, French and Spanish**

- 20,30-20,45 (8:30pm-8:45pm) Stefania Azzali, Ring14 International President: **"Past, Present & Future of Ring14 International"**
- 20,45-21,05 (8:45pm-9:05pm) Giovanni Neri, Chair of the Ring14 International Scientific Advisory Board **"An overview of genetic diagnosis and clinical management of the Ring14 syndrome"**
- 21,05-21,25 (9:05pm -9:25pm) Marco Crimi, Ring14 International Scientific Coordinator **"Ring14 International: the meaning of "patient engagement" on research"**
- 21,45-22,05 (9:45pm -10:05pm) Tommaso Pippucci, S. Orsola Malpighi Hospital, Researcher granted with the 2022 Call issued by Ring14 International **"3D genomic dissection of ring chromosome 14 syndrome"**
- 22,05-22,30 (10:05pm -10:30pm) questions

This is an important opportunity for all families to have dialogue with the leading scientific representatives of our syndromes and gain a clear understanding of how Ring14 International funds are being used and how the research is moving along.

Your participation is free but it is mandatory to register at the following link:

[https://docs.google.com/forms/d/e/1FAIpQLSdINuHCSyizpBUPwcdQHqwgMLzMDBCIZYmYoTzhw\\_z2\\_BLiTg/viewform](https://docs.google.com/forms/d/e/1FAIpQLSdINuHCSyizpBUPwcdQHqwgMLzMDBCIZYmYoTzhw_z2_BLiTg/viewform)

Once the required data is submitted, you will receive the Zoom link. This will enable us to get the necessary information we need to update our International Database.
